Statement of Complaint

On April 16, 2024, I Johnnie Rose, received a letter from Milwaukee Police and Fire Commission, Alleging that they did not know why I had not received a response to my complaints. The Fire and Police Commission also enclosed a second letter, stating that my initial complaint from the day of

Incident : Complaint # PF- 2020 - 0468  
Had been investigated by the Milwaukee  
Police , who stated that their officers  
Did nothing wrong . However I never  
Received a Written Response from my  
initial Complaint . No Date was given to  
me of when the complaint was decided .  
I was not told if I had rights to  
appeal the complaint . Therefore , to  
the best of my knowledge , my complaints  
were still under a ungoing investigation  
until April 16 . 2024 , which was the first  
time I learned that my complaint  
was dismissed . Officers used Excessive  
Force , I was not criminally charged .  
There was no justification for the  
injuries that I suffered . And although  
Requesting Names of the arresting officers  
This information continues to be denied .

Sincerely,

Johnnie B. Rose
